Dean Welcome_____

BISMILLAHIR RAHMANIR RAHIM ASSALAMU’ALAIKUM & A VERY GOOD DAY It is with my utmost pleasure to welcome you to our website. This site is but a small representation of the potential and the excellence of Universiti Teknikal Malaysia Melaka (UTeM). I hope that by visiting our website, you will witness for yourself the qualities that set UTeM distinguished from its peers. Although UTeM is the fourteenth public university in Malaysia, nevertheless it prides itself by being the first technical public university and the first to offer higher technical education using the application oriented approach with relatively strong emphasis on practical work and application.

UTeM offers Engineering and Information & Communications Technology programmes at both undergraduate and postgraduate level, with dedicated and committed academicians in delivering their wisdom. The academic programmes of UTeM are designed to provide students with good academic foundation and high technical skills to enable them to develop as competent technical professionals.

With various research projects undertaken by our research experts in an extensive range of subjects, UTeM pledges to strive for continuous innovation in ensuring that everyone will benefit from our research projects and innovations.

I sincerely hope that you could get a glimpse on UTeM as a whole. Know the University for yourself and I sincerely hope it will help you to make the right choice. ASSOC. PROF. DR. MD. NOR HAYATI BIN TAHIR Dean Faculty of Technology Management and Technoprenuership
